

USHER/GREETER

Arrive 25 to 30 minutes early to church. Greet arriving parishioners and visitors at each door to the church if possible (if just one usher greet visitors at main entrance), making them feel welcome in our faith community. Ushers seat worshipers as needed by showing parishioners to open seats, be aware of where open seats are to seat those who arrive late to Mass. Ring the bell (approximately 21 pulls of the rope) 5 minutes before Mass begins.

Ushers will not be sitting where they have in the past. Usher chairs have been set up behind both sides to the pews. In the place they have been set you will have a better view of those coming in the front and side doors of the church and good view of the church to notice if there is any aid needed during the service. Care for any need that may occur, be mindful of the situations around you at all times. Try to care for what the circumstance is so Fr. John can continue on with Mass.

The collection will not be taken up as we have done in the past, instead parishioners should be asked to place their donation in the basket at the front or the back of church. Offertory gifts will not be taken up to Father.

At the end of Mass there is no procession (there is no procession before Mass either). One usher should help the sacristan with gathering the collection baskets and place the collection in a tamper evident proof bag (the usher and sacristan should initial the bag).

Changes and additions to duties asked of the ushers will more than likely come in the future as we navigate this time of uncertainty. And as we develop protocol for times of medical and /or threatening emergencies. Thank you for your service to our parish.

Sunday Morning Ushers - At this time we do not have many volunteers to usher on Sunday mornings so I am scheduling one usher at a time. If you are a Sacristan and an Usher at the same time please ask a parishioner to help you with bagging the collection money.
